Hi Andy,

Yes, that makes sense and I appreciate your updates. Thanks again!

Hello Rosanna,

I sent a email to the team clarifying this. The DDs can review the materials before we meet with Ed and they can be included in the meeting as well if they want. We unfortunately don't have a lot of time for multiple rounds of review since the moot court is happening at the beginning of January, and we want to give our answers to OGC in a timely fashion.

Best,  
Andy

Much appreciated! To check, while maybe not as critical for HED, will there be a step for the DDs to review prior to talking with Ed et al?

Thanks Rosanna,

I have you down as the branch chief for HED RAB1. I will make sure to include Monique on further glyphosate correspondence. Thank you for letting me know!

Best,  
Andy

Hi Andy,

Thank you for sending this. I think I was included initially having been part of EFED, but I'm now with HED and this happens to be in my RAB1 branch.

It looks to be primarily EFED centric, with a hint of EDSP. I think it will be helpful to have us (HED) looped in for awareness and any coordination. If this okay with you, please continue to include Monique Perron and I in the team emails, at this point.

I'll send this on to my mgmt for awareness.

Thank you again and happy holidays!

Hello all,

This is my first correspondence to the glyphosate team as the glyphosate CRM, so please feel free to reach out and/or copy me, Khue Nguyen, and Cathryn Britton on glyphosate registration review matters. Also if I have not included the right team members please let me know.

OGC had some questions about the glyphosate registration review effort in preparation for their glyphosate moot court. PRD has drafted answers to OGC's questions but wanted the team to review our answers and provide comments and edits. We are requesting to have all comments and edits in by January 3, or the morning of January 4 at the latest. You will see in the document that we have a few questions still lingering which we are meeting with OPP IO to discuss. Please see the link below.

Link:  [Glyphosate.questions from OGC in prep for moot court 12.21.21.docx](#)

I have also not included any of the division's IOs on this email but please let me know if you would like me to include them on this review.

Thank you,  
Andy
